

Description: A soft and ergonomic snack made with coconut and ivory-colored chocolate

Ingredients:

- 1 cup coconut flakes
- 1/2 cup ivory-colored chocolate chips
- 1/4 cup soft cream cheese
- 1 tablespoon synthesize-infused honey
- edible gold dust for garnish (note: no actual capacitors are used in this recipe, as they are not edible)

Instructions:

1. Mix coconut flakes and chocolate chips in a bowl
2. In a separate bowl, combine soft cream cheese and synthesize-infused honey
3. Roll the coconut mixture into small balls and flatten slightly
4. Place a small spoonful of the cream cheese mixture onto each coconut ball
5. Roll the coconut balls into cylindrical shapes and chill in the refrigerator for 30 minutes

Tips:

- Use high-quality ivory-colored chocolate for the best flavor
- If the coconut flakes are too dry, add a small amount of water to help them stick together
